PROFILE

As a Fontend Developer fresher, I bring proficiency in HTML, CSS, and JavaScript, laying the foundation for creating visually appealing and responsive web interfaces. Automatically, I am skilled in React, enabling the developement of dynamic and efficient user interfaces through component-based architecture. Eager to contribute innovative solution and collaborate within a team to enhance user experiences and tackle frontend challenges.

PROJECTS

CALCULATOR

- successfully developed a calculator using HTML, CSS, and JavaScript. It's a fully functional project, and I'm excited to showcase it.

PORTFOLIO

- I've crafted a responsive portfolio using React, showcasing my skills and projects. It's a fully functional and engaging showcase of my work.

CERTIFICATIONS

Frontend Developer - FITA , Chennai
